

PROJECT BLACK

LAUNCH

Successful launch, added liquidity to make tradeable and tested to make sure everything was working.

Started setting up a website with contract details hidden within the website to stop an immediate dump of the token.

START OF PROJECT

Started a countdown until release of the project within on the website for a public release where anyone could join.

Contract full release on 20th of December, 2021

IMPLEMENTATION OF TREASURE HUNT

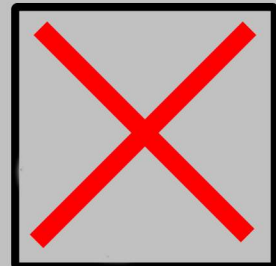

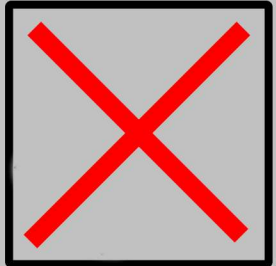

Community had voted to have a treasure hunt implemented with successful completion being the rewarding of an NFT based on token count.

Successful Launch on 03 of January, 2022

NFT HUNT FUTURE

NFT Hunt will be updated to include the final 2 of the series one NFT's this will allow more users to claim a free NFT from the website for continued use and building a larger community.

Upcoming

FUTURE PLANS

Once the completion of the NFT event has ended, further plans will be posted within the Telegram: ProjectBlackBSC for the community to determine further direction of the \$BLACK token.
